Summary

Artificial Intelligence and Data Science pre-final year undergraduate with expertise in object-oriented programming with C++, Data Structures and Algorithms in C++, HTML, CSS and JavaScript.

Education

B.E Artificial Intelligence and Data Science	Expected July 2025
Nitte Meenakshi Institute of Technology, Bangalore, India	7.25 CGPA
XII (UP BOARD) — Bal Nikunj English School, Lucknow, Uttar Pradesh, India	72.5%
X (UP BOARD) — Bal Nikunj English School, Lucknow, Uttar Pradesh, India	75%

Relevant Coursework: Data Structures and Algorithms with C++, Object Oriented Programming with C++, Introduction to Programming with C/C++, Introduction to Engineering, Computer Networks, DBMS(MySQL), Operating Systems, HTML, CSS.

Technical Skills/Non-Technical Skills

- **Programming Languages:** C++
- **Cloud, Tools, Databases, and OS:** MySQL, Git
- **Soft Skills:** Verbal and written communication, Active listening, Analytical thinking, Decision-making

Relevant Projects

Random Password Generator

[GitHub](#)

- Solicit user input for password length and guide them through selecting character sets (digits, letters, special characters). Concatenate the chosen character sets, generate a password of specified length, and present the result to the user.
- Concatenate the chosen character sets, generate a password of specified length, and present the result to the user.

Test Your Memory

[GitHub](#)

- A memory card game webpage featuring programming language-themed cards, structured with front and back images, linked with CSS for styling, and JavaScript for functionality.

Translator

[GitHub](#)

- Develop a language translator web application with HTML, CSS, and JavaScript.
- Utilize APIs for text translation and speech synthesis.
- Features include selectable source and target languages.
- Includes UI elements for text input, output, and language selection.
- Designed with responsive layout for compatibility across devices.

Extracurricular Experience

- Enigma(E-CELL)(Sponsorship Team)
- X-factor(Stock Market and Financial Head)
- ACM (Social Media Marketing Cohead)

Certifications

- CompTIA Network+ Certification (N10-008): The Total Course- [Certificate Link](#)
- Operating System Basics -[Certificate Link](#)
- Introduction of CyberSecurity-[Certificate Link](#)
- SQL (Intermediate)-[Certificate Link](#)
